## Subject Index

- Acro-osteolysis syndrome 617
- Allergy  
  cow's milk allergy, HLA antigens 19
- Alpha-fetoprotein, congenital hypothyroidism 481
- Amino acids  
  parental nutrition, preterm infants 421  
  transport defect 65
- Asphyxia  
  hypoxanthine in cord plasma 231  
  neonatal, severe 321
- Asthma  
  dog hypersensitivity 571  
  exercise-induced, effect of training 23, 31
- Atopia  
  prophylaxis by food elimination 411
- Bacteriology  
  neutrophil phagocytosis, effect of vitamin E 521  
  pseudomonas aeruginosa, cystic fibrosis 283, 651  
  septicemia, neonatal 1  
  septic shock, exchange transfusion 87
- Bile acids 215, 853
- Bilirubin  
  binding by plasma albumin 665  
  phototherapy 853  
  toxicity index, reserve albumin 415
- Blood  
  aplastic anemia, ethosuximide 927  
  erythropoietin, premature infants 827  
  factor VII inhibitor 621  
  leukemia, gonadotropin rhythms 71  
  leukemia, relapse rate 171  
  maternal anemia 545  
  red blood cell morphology, newborns 135  
  thrombocytopenia, newborn infants 583  
  thrombocytopenia, SGA-infants 139
- Breast feeding  
  influence of perinatal factors 9  
  lactation performance, nutritional status 805  
  promotion 801
- Campomelic syndrome 789
- Cardiovascular system  
  blood pressure, diabetes mellitus 191, 495  
  blood pressure, school children 491  
  cardiac involvement, rheumatoid arthritis 345  
  cardiorespiratory function, elite runners  
  cerebrovascular disease 391  
  coarctation of aorta, muscle morphology, muscle enzymes 843  
  patent ductus arteriosus, early closure, indomethacin 179  
  patent ductus arteriosus, digoxin therapy 339  
  systolic time intervals 105, 111, 185
- Chromosomes  
  abnormality and congenital malformations 631  
  microchromosomes, malformations 469
- Cystic fibrosis  
  amyloid-related serum protein, lunginfection 861  
  mimicking Bartter's syndrome 781  
  cefsulodin, renal handling 293
- hydrolases in cultured fibroblasts 291  
  long distance running 935  
  lung infection, pseudomonas aeruginosa 283, 651  
  in the Netherlands 427  
  somatomedin 757  
  trace elements in plasma and erythrocytes 437
- Diabetes  
  albuminuria, exercised induced 895  
   $\beta$ -hexosaminidase 77  
  blood pressure 191, 495  
  carnitine and ketone bodies 511  
  hypomagnesemia 367  
  lipids and lipoproteins 361  
  neonatal 303  
  neuropathy 373  
  organ specific antibodies 131  
  preHbA<sub>1c</sub> 911  
  renal function in relation to control 903
- Dyggve-Melchior-Clausen dysplasia 269
- Endocrine system  
  adrenarche, premature 707  
  calcitonin, osteogenesis imperfecta 149  
  cortisol, cord blood 713  
  enteral nutrition, deprivation of, preterm infants 245  
  gonadotropin rhythms 71  
  growth hormone, response to feeding in neonates 251  
  hypercalcemia, prolonged immobilisation 207  
  hyperparathyroidism 625  
  hypoglycemia in hypopituitarism, diazoxide 309  
  hypothyroidism, congenital,  $\alpha$ -fetoprotein 481  
  hypothyroidism, congenital, deciduous teeth 485  
  hypothyroidism, transient in congenital nephrosis 145  
  hypothyroidism, prognosis of congenital 197  
  insulin binding to erythrocytes, Turner's syndrome 919  
  nephrogenic diabetes insipidus, renin-aldosterone 717  
  prolactin, cord blood 713  
  pseudohermaphroditism, 17-ketosteroid reductase deficiency 211  
  somatomedin, cystic fibrosis 757
- Enzymes  
  acyl CoA dehydrogenase defect 943  
  alkaline phosphatase isoenzymes 833  
  arylsulfatase A deficiency 175, 837  
   $\beta$ -hexosaminidase, diabetes mellitus 77  
  17-ketosteroid reductase deficiency 211  
  muscle enzymes, coarctation of aorta 843  
  prolidase deficiency 785  
  tyrosine and tryptophan hydroxylases 921
- Ethics of paediatric research 641
- Foetus  
  asphyxia, plasma hypoxanthine 231  
  reproductive organs, effect of corticosteroids 132
- Gastroenterology  
  colonic neuronal dysplasia 635  
  endoscopic duodenal biopsy 563  
  gastric acid secretion 857  
  gastrointestinal atresias, heredity 773  
  ileal fluid osmolality 611

- rehydration solutions 161, 167
- rotavirus infection 659
- ulcerative colitis, surgical treatment 115
- Growth**
  - failure in chronic malnutrition 867
  - thoracic kyphosis and lumbar lordosis 873
- Hyperphenylalaninemia** 449
- Hypomagnesemia in diabetes** 367
- Hypoxanthine, cord plasma** 231
- Immunology**
  - alloimmune thrombocytopenia 583
  - B-lymphocytes, suppression in newborns 441
  - decreased serum IgA 797
  - dextran reactive antibodies 849
  - HLA antigens, cow's milk allergy 19
  - human milk 133, 461, 577, 671
  - membranous glomerulopathy 931
  - postsplenectomy infections 589
  - recurrent parotitis 265
  - response in obstructive jaundice 59
- Infectious diseases**
  - acute phase reactants, septicemia 679
  - diarrhoea, rotavirus 659
  - group B streptococcal disease 597
  - mumps encephalitis 603
  - osteomyelitis, BCG-vaccination 153
  - postsplenectomy infections 589
  - pseudomonas aeruginosa lung infection, cystic fibrosis 283, 651
  - recurrent parotitis, immunological studies 265
  - septicemia 1, 679
  - viral antigens in acute otitis media 137
- Kawasaki disease** 455
- Lipids**
  - apolipoproteins, adolescents 499
  - apolipoproteins, neonates 505
  - hypercholesterolemia, effect of colestipol 81
  - insulin dependent diabetes 361
  - lipoprotein pattern in corn blood, smoking mothers 755
  - phosphoglycerides, fatty acids, human milk 255
  - physical training, influence of 357
- Liver**
  - bile acids 215
  - obstructive jaundice, immune response 59
- McCune-Albright syndrome** 477
- Malformations**
  - cystic duplication of colon 467
  - microchromosomes 469
  - multiple hereditary gastrointestinal atresias 773
  - Potter's syndrome, prenatal diagnosis 939
  - Smith-Lemli-Opitz syndrome 141
  - Vater association 923
- Metabolism**
  - arylsulfatase A deficiency 175, 837
  - bile acids 215
  - dicarboxylic aciduria 943
  - dihydrobiopterin deficiency 449
  - enteral nutrition, depriving preterm infants 245
  - hyperphosphatasemia 833
  - lysine protein intolerance, transport defect 65
  - oedema fluid composition 741
  - osteogenesis imperfecta, effect of calcitonin 149
  - prolactin deficiency 785
  - proteoglycans, Dyggve-Melchior-Clausen dysplasia 269
  - transepidermal water loss 721, 729, 735
  - tryptophan hydroxylase deficiency 921
  - tyrosine hydroxylase deficiency 921
- Metachromatic leukodystrophy** 175, 837
- Methodology**
  - cystourethrography 559
  - cross-sectional measurements of weight and length 861
  - diaphragm pacing, hypoventilation syndrome 295
  - endoscopic duodenal biopsy 563
  - hypoxanthine, cord plasma 231
  - leukocyte protein in urine 615
  - spinal pantography 873
  - transcutaneous bilirubinometry 289
  - ultrasound, kidney length 885
  - ultrasound, prenatal diagnosis of Potter's syndrome 939
- Milk**
  - antibodies to E coli O antigens 577
  - bacterial antibody titres 671
  - cow's milk allergy 19
  - fluoride content 699
  - immunologic components 133, 461, 671
  - organochlorine contaminants 259, 811
  - phosphoglycerides, fatty acid 255
  - precolostrum 9
  - preterm infants, weight gain 239
  - selenium content, changes in 433
  - sodium content 459
  - thyroid hormones 703
- Mucopolysaccharidosis III** 313
- Mucocutaneous lymph node syndrome** 455
- Nephrology**
  - albuminuria, exercised induced in diabetes 895
  - $\beta_2$ -microglobulin, gentamicin treatment 219
  - congenital Nephrosis, transient hypothyroidism 145
  - cystourethrography, X-ray or scintigraphy 559
  - glomerular filtration rate, gentamicin treatment 219
  - Henoch-Schönlein glomerulonephritis 97
  - kidney length, newborns 885
  - leukocyte protein in urine 615
  - membranous glomerulopathy, enteropathy 931
  - phosphate and  $\beta_2$ -microglobulin, unilateral renal disease 889
  - Potter's syndrome, prenatal diagnosis 939
  - renal function, diabetes 903
  - uroolithiasis 879
- Nervous system**
  - congenital neurofibromatosis 779
  - hydrocephalus, complications of treatment 385
  - metachromatic leukodystrophy 175
  - mumps encephalitis 603
  - neuropathy, peripheral in diabetes 373

- neuropathies, motor and sensory 379, 537, 685
- stroke, diagnosis and prognosis 391
- Neurofibromatosis, congenital 779
- Newborn infants
  - B-lymphocytes, suppression of 441
  - causes of deaths 333
  - diabetes, permanent 303
  - gentamicin treatment, renal function 219
  - group B streptococcal disease 597
  - growth hormone response to feeding 251
  - hypoventilation syndrome, diaphragm pacing 295
  - kidney length 885
  - lipoprotein pattern in cord blood, smoking mothers 755
  - perinatal mortality 327
  - precolostrum, role of 13
  - pyridoxine, effect of antenatal load 525
  - red blood cell morphology 135
  - septicemia 1, 679
  - septic shock, exchange transfusion 87
  - systolic time intervals, transient tachypnea 111
  - thrombocytopenia 583
  - transepidermal water loss 721, 729, 735
- Nutrition
  - amino acids, preterm infants 421
  - enteral, depriving preterm infants 245
  - human milk, preterm infants 239
  - malnutrition, screening for growth failure 867
- Ondine's curse 295
- Otitis
  - Viral antigens, middle ear secretions 137
- Pharmacology
  - carbamazepine, fluctuations in plasma levels 397
  - cefsulodin, renal handling 293
  - colestipol, hypercholesterolemia 81
  - diazoxide, hypoglycemia in hypopituitarism 309
  - doxorubicin, lipid peroxide 549
  - ethosuximide, aplastic anemia 927
  - gentamicin treatment, renal function 219
  - hydrochlorothiazide, nephrogenic diabetes insipidus 717
  - indomethacin, nephrogenic diabetes insipidus 717
  - indomethacin, closure of ductus arteriosus 179
- Phototherapy, diarrhea 853
- Poisoning
  - children in Oslo 553
- Potter's syndrome 939
- Premature and low birth weight infants
  - cortisol and prolactin, cord blood 713
  - early anemia, erythropoietin 827
  - enteral nutrition, deprivation of 245
  - growth hormone response to feeding 251
  - intrauterine weight gain, human milk 239
  - neutrophil phagocytosis, vitamin E 521
  - patent ductus arteriosus, closure by indomethacin 179
  - patent ductus arteriosus, digoxin therapy 339
  - parental nutrition, amino acids 421
  - precolostrum role of 9
  - rickets, intravenous alimentation 769
  - systolic time intervals, patent ductus arteriosus 105
  - thrombocytopenia 139
- transepidermal water loss 721
- vitamin D 203, 517
- vitamin E, effect of 823
- zinc in serum 695
- Psychiatry and Psychology
  - perceptual, motor and attentional deficits, 7-year old children 119, 125
- Respiratory system
  - bronchopulmonary dysplasia 225
  - cardiorespiratory function, elite runners 351
  - exercise-induced asthma 23, 31
  - hypoventilation syndrome 295
- Rheumatoid arthritis
  - cardiac involvement 345
  - prolonged remission after measles 917
- Rickets
  - hypophosphatemic vitamin D resistant 763
  - preterm infant, intravenous alimentation 769
  - vitamin D metabolites 759
- Sanfilippo type C syndrome 313
- Selenium in breast milk 433
- Smith-Lemli-Opitz syndrome 141
- Smoking during pregnancy 747, 755
- Social paediatrics
  - battered child syndrome, fatal cases 925
  - campaign for traffic safety 612
  - children to drug dependent mothers 403, 407
  - child health, predictors for 275
  - perinatal mortality 327
  - smoking during pregnancy, effect on children 747
  - xerophthalmia, prevention in Bangladesh 531
- Sudden infant death 793
- Surgery
  - colonic neuronal dysplasia 635
  - cystic duplication of colon 467
  - small bowel diverticula 463
  - treatment of ulcerative colitis 115
- Teeth, deciduous, congenital hypothyroidism 485
- Trace elements
  - fluor, human milk 699
  - magnesium 367
  - copper 437
  - cystic fibrosis 437
  - selenium 433
  - zinc 437, 695
- Tumour
  - neuroblastoma stage IV, spontaneous regression 473
- Turner's syndrome 919
- Vaccination
  - BCG-vaccination, multifocal osteomyelitis 153
  - mumps-measles vaccine 41
  - mumps vaccine, different strains 37
  - thrombocytopenic purpura after combined vaccine 613
- Vitamins
  - 1 $\alpha$ -hydroxy-vitamin D, massive doses 763
  - 25-OH-D<sub>3</sub>, seasonal variation in serum 93
  - pyridoxine, effects of antenatal load 525

vitamin D metabolism, effect of calcitonin 149  
vitamin D metabolism, preterm infants 203  
vitamin D metabolites, acro-osteolysis syndrome 617  
vitamin D metabolites, rickets of prematurity 759  
vitamin D nutritional status, premature infants 517  
vitamin D supplementation, 25-hydroxyvitamin D 817  
vitamin E, hemolysis, lipid peroxidation 823  
vitamin E and neutrophil phagocytosis 521  
vitamin A deficiency 531

#### Virology

antigens in otitis media, middle ear secretion 137  
infections of respiratory tract 53  
mumps encephalitis 603  
respiratory syncytial virus 47  
rotavirus, hospitalized children 659

Xerophthalmia 531
